

# STAFF REPORT

**TO:** Mayor and Councillors  
**FROM:** Murray Staite  
**DATE:** 22 June 2010  
**SUBJECT:** Rates Resolution 2010/2011 – RCN10-06-23

---

## **Purpose of report**

To set the rates for the 2010/2011 rating year.

## **Background**

Council is required to pass a resolution on an annual basis to set the rates for the forthcoming rating year.

## **Discussion**

Council has reduced the general rate and some of the targeted rates from the proposals in the Ten Year Plan 2009/2019. This reduction has occurred largely as a result of changing the cost and timing of some projects and by reducing Council's interest rates charged on Council debt.

The increase in the general rate in 2010/2011 has reduced from the 5.12 percent increase proposed in the Ten Year Plan to a 3.97 percent increase.

It is important to note that the total rates for each property are a combination of general rate and the targeted rates relevant to each property. Also, different properties can receive different services, so the targeted rates that apply to properties across the District will vary.

## **GST**

Central Government has increased the rate of GST from 12.5% to 15% with effect from 1 October 2010. To avoid any confusion at which rate of GST will apply the rates have been expressed exclusive of GST. GST will be applied at the prevailing rate.

## **Significance**

The adoption of the attached resolution is considered significant in that it affects the rates of all ratepayers in the district.

## Recommendation

That:

- a) the Tasman District Council set the following rates under the Local Government (Rating) Act 2002 for the financial year commencing on 1 July 2010 and ending on 30 June 2011.
- b) the dates for payment of rates instalments in 2010/2011 are the dates set out under the heading "Assessment and Invoicing"
- c) the Council authorises penalties to be added to rates that are not paid by the due date, as set out under the heading "Penalties".

## Rating Area Maps

The rating areas are those more particularly defined in the 2009 – 2019 Long Term Council Community Plan.

Each of the targeted rates has a unique rating area within which rating units are levied prescribed annual charges. Copies of rating maps for each unique area are available for inspection at Council offices.

## GST

The rate of GST will be increasing from 12.5% to 15% on 1 October 2010.

The rates values expressed herein are GST exclusive; GST will be applied at the prevailing rate.

## General Rate

Council sets a general rate based on the capital value of each rating unit in the District. This rate is set at different rates in the dollar of capital value. The categories of property and the rates (in cents per dollar of capital value) for 2010/2011 are:

| Category                                     | 2009/2010 cents | 2010/2011 cents |

| Land which is not an Infrastructural Utility | 0.1897          | 0.1958          |
