

# Tasman Resource Management Plan Schedule 30 – Takaka Values and Objectives

Mary-Anne Baker

19 September 2014

	<b>Values/Uses Adversely Affected by Reduced Flows or Levels</b>	<b>Water Management Objectives for Water Quantity</b>
<h1>Motupipi River</h1>	<ul style="list-style-type: none"> <li>• Recreational values.</li> <li>• Cultural, spiritual and landscape values.</li> <li>• Stock and farm water supply.</li> <li>• Aquatic habitat including regionally significant native fishery habitat.</li> </ul>	<ul style="list-style-type: none"> <li>• Maintenance of water flows to protect aquatic habitat, especially native fisheries.</li> <li>• Maintenance of flows to protect cultural, spiritual and landscape values.</li> </ul>

	<b>Instream Values/Uses Adversely Affected by Reduced Flows or Levels</b>	<b>Water Management Objectives for Water Quantity</b>
<b>Takaka, Anatoki, Waingaro, Cobb, Onekaka, Puramahoaia and Pariwhakaoho Rivers</b>	<ul style="list-style-type: none"> <li>• Native fishery habitat that is regionally significant in Big and Cobb rivers.</li> <li>• Regionally significant trout fishery in the Takaka, Cobb and Cobb Reservoir.</li> <li>• Locally significant trout fisheries in the Anatoki, Waingaro, rivers.</li> <li>• Eel habitat.</li> <li>• Blue duck habitat that is regionally significant in, Anatoki and Upper Cobb rivers.</li> </ul>	<ul style="list-style-type: none"> <li>• Maintenance of water flows to protect aquatic and wildlife habitat, especially native fisheries.</li> <li>• Maintenance of flows to protect cultural, spiritual and landscape values.</li> </ul>

	Instream Values/Uses Adversely Affected by Reduced Flows or Levels	Water Management Objectives for Water Quantity
<p><b>Takaka, Anatoki, Waingaro, Cobb, Onekaka, Puramahoa and Pariwhakaoho Rivers</b></p>	<ul style="list-style-type: none"> <li>• Contact and non-contact recreation, including kayaking.</li> <li>• Habitat for threatened blue duck in the Upper Takaka,</li> <li>• Braided river habitat from threatened banded dotterel and pied stilt.</li> <li>• Cultural, spiritual and landscape values</li> </ul>	<ul style="list-style-type: none"> <li>• Maintenance of water flows to protect aquatic and wildlife habitat, especially native fisheries.</li> <li>• Maintenance of flows to protect cultural, spiritual and landscape values.</li> </ul>

	Other Values/Uses Adversely Affected by Reduced Flows or Levels	Water Management Objectives for Water Quantity
<p><b>Takaka, Anatoki, Waingaro, Cobb, Onekaka, Puramahoa and Pariwhakaoho Rivers</b></p>	<ul style="list-style-type: none"> <li>• Stock and farm water supply.</li> <li>• Human consumption.</li> <li>• Irrigation supply.</li> <li>• Community water supply.</li> <li>• Regionally significant hydro-electric power generation in Cobb River.</li> <li>• Hydro-electric power generation in Campbell Creek (Waikoropupu River) and Onekaka River.</li> </ul>	

	<b>Values/Uses Adversely Affected by Reduced Flows or Levels</b>	<b>Water Management Objectives for Water Quantity</b>
<h2>Coastal Water</h2>	<ul style="list-style-type: none"> <li>• Aquatic ecosystems, marine fauna and aquatic plant habitat.</li> <li>• Recreation value.</li> <li>• Cultural, spiritual and landscape values.</li> </ul>	<ul style="list-style-type: none"> <li>• Protection of aquatic habitat, and cultural, spiritual and landscape values.</li> <li>• Protection of recreational values.</li> </ul>

# Significance Assessment

- **RiVAS (River Values Assessment System)**
  - Expert Panel approach
  - Attributes
  - Data
  - Scores
- **Regional context – ranking**

# RiVAS - Whitewater Kayaking

<b>VALUE</b>	<b>Location</b>	<b>ranking</b>
Anatoki	(Hut to sawmill)	High
Takaka	(Gabbro Crk to Cobb HEPS)	High
Waingaro	To Takaka confluence	Medium
Waingaro	Lake Stanley to Waingaro	Medium
Takaka	HEPS to Sams Creek	Medium
Cobb	Reservoir to Takaka R	Low
Takaka	5km upstream of Payne's Ford to SH60	Low

# RiVAS – Salmonid Angling

<b>VALUE</b>	<b>Location</b>	<b>ranking</b>
Cobb	Headwater	High
Takaka	Lowland river	Medium
Waingaro	Backcountry	High
Anatoki	Backcountry	Medium

# RiVAS –Irrigation

<b>VALUE</b>	<b>Location</b>	<b>ranking</b>
Takaka		Regional
Motupipi		Local

# RiVAS –Native Birds

VALUE	Location	ranking
Takaka		Regional

## RiVAS –Natural Character

<b>VALUE</b>	<b>Location</b>	<b>ranking</b>
Takaka	KNP Parapara to Rangihaeta	Very high
Coastal streams Parapara – Rangihaeta	Rural/coastal	Medium
Upper Takaka	Above reservoir	Very High
Te Waikoropupu springs	And river	Moderate
Motupipi		Low
Takaka eastern tributaries including Waitui		High
Takaka below power house and Lower Cobb to Waitui		Moderate
Takaka	Mainstem below Waitui confluence to sea	Moderate

# RiVAS – Swimming

<b>VALUE</b>	<b>Location</b>	<b>ranking</b>
Takaka	Blue Hole	regional
Takaka	Payne's Ford	Regional
Waingaro	U/s Takaka R	Local
Takaka	SH60	Local
Tukurua	At mouth	Local
Anatoki	Happy Sams	Local
Takaka	Kotinga (pony club)	Local
Anatoki	One Spec	Local
Takaka	Reilly's Rd	Local
Motupipi	Abel Tasman Dr	Local
