Works Details

Pump

Pump Type (tick one): Submersible Surface Mobile

Maximum Discharge Capacity (indicate units): _____ litres/sec or gallons/min

Flowmeter

Flowmeter Make:

Model:

Serial No:

Meter Size (mm):

Pulse Output: Yes No

Volume Unit Per Pulse:

Multiplier:

Meter Operating Position (tick mounting method used): Vertical Horizontal

Insertion Meters Only

Insertion Depth (mm): _____ K Factor: _____

Ultrasonic Meters Only

Transducer Size: _____ Transducers Sealed (tick which option): Yes No

Transducer Spacing (mm): _____ Transducer Mounting (tick which option): Reflect Direct

Data Logger

Data Logger Type: _____ Serial Number: _____

Seal Number (if appropriate): _____

Installation Details

Pipe Type (tick which option): Ductile Iron Mild Steel PVC
 Polyethylene Other (please describe): _____

Pipe wall thickness (mm): _____

Pipe internal diameter (mm): _____

Distance of straight, unobstructed pipe upstream of flow meter (mm): _____

Distance of straight, unobstructed pipe downstream of flow meter (mm): _____

Installation Verification

Tamper Proof Seal in place: Yes No

Installer Name: _____

Accreditation Number: _____ Date: _____

Accuracy Verification

Verifiers Name: _____

Accreditation Number: _____ Date: _____

Photographs

Please include (attach) a photograph of the completed installation showing:
