**Dear Mr. Kempthorne and Councilors.**

On behalf of the Motueka Arts Council I would like to convey to you all how wonderful it is to have a beautiful Bruce Mitchell Sculpture in a public place in High Street Motueka.

The Kaka Beak has been set in well designed surroundings, providing an experience for those who sit or walk past.

As I was overseas for the opening /unveiling some of the members attended, remarking on a very moving, spiritual and well organized occasion.

Thank you to all who have supported and encouraged this tremendous sculpture for our place, Motueka.

Sincerely

Shirley Frater QSM
