

REPORT

TO: Council's Enterprises Subcommittee
FROM: Chairperson
DATE: 12 November 2010
SUBJECT: **Chairperson's Report - Report FN10-11-14**

Welcome to the first Enterprises Subcommittee meeting of this term of Tasman District Council. This is the start of the third term of this Committee since its creation by Council in 2004. It is my wish to see some positive, fruitful and sound business recommendations to Council in respect of the Council's various enterprises this term.

I am confident that this will be achieved due to the Committee's membership being experienced and professional members of our various wards.

Initially I suggest we review our progress to date on each individual enterprise in light of the current financial situation, which no doubt will result, in some cases, in a change of direction both financially and also physically.

I look forward to the challenges ahead and working with you all on behalf of our ratepayers.

RECOMMENDATION

That the Chairperson's Report FN10-11-14 be received by Council's Enterprises Subcommittee.

Noel Riley
Chair
