REPORT SUMMARY

Report to: Motueka Community Board
Meeting Date: 9 August 2011
Report Author: David Ogilvie
Subject: **Community Board Chair's Report – RMCB11-08-02**

EXECUTIVE SUMMARY

The Chair's monthly report is included in the agenda

RECOMMENDATION/S

That the report be received.

DRAFT RESOLUTION

THAT the Motueka Community Board receives the Community Board Chair's Report – RMCB11-08-02.

Report No:	RMCB11-08-02
File No:	
Report Date:	29 July 2011
<i>Information Only – no decision required</i>	

Report to: Motueka Community Board
Meeting Date: 9 August 2011
Report Author: David Ogilvie
Subject: **Community Board Chair's Report (RMCB11-08-02)**

1. Proposal for the Union of Nelson City and Tasman District

1.1 Within the correspondence is a letter from the Local Government Commission which details the process to be followed:

19 August 2011	Submissions Close
October 2011	Hearings of submitters
December 2011	LGC Final Decision
March 2012	Polls held
April 2012	Order in Council, should poll be successful
	Transition Committee constituted
October 2012	Elections
November 2012	Council takes office

1.2 The Board resolved (MCB11-07-03) to make a submission to the LGC recommending further powers for community boards and extending the period to at least nine years as described (Provision 10(2)) of the Draft Re-organisation Scheme.

1.3 The detailing of these “further powers” refers to “delegations” and it is probably advantageous to delay our discussion of these until:

- a) we can confer with the Golden Bay Board; and
- b) the CEO Paul Wylie, has formulated a Delegations Report to the Council (11 August 2011)

1.4 In the meantime, we meet on 26 July 2011 to determine some delegations, pursuant to the resolution (MCB11-07-04).

Recommendation:

That the Motueka Community Board hold a workshop at 7.00 pm on Tuesday 16 August 2011 to prepare a submission to the Local Government Commission on the Union of Nelson City and Tasman District. The submission will be confirmed at the 13 September 2011 Board meeting.

2. Delegations

- 2.1 It is expected that the CEO's report on TDC's proposed delegations will be tabled as a Late Item. Note: these may be amended by Council, before they are implemented. The CEO's report to the Council meeting on 30 June 2011 was "that the delegations be brought into effect as soon as is practically possible".
- 2.2 The Motueka Community Board's proposal (Appendix A) and the Golden Bay Community Board's proposal (Appendix B) are attached to this report.
- 2.3 I have emailed the Kaiapoi Community Board Chair for a copy of that Board's delegated powers and have checked both from Christchurch City and Southland District for their respective delegated powers.

Suggested Recommendation:

That the attached delegations and governance document prepared by the Motueka Community Board (Appendix A) for the full Council meeting on 11 August 2011 be formally accepted by the Board and sent as a recommendation to Council.

3. Report of Meeting with Kathy Tohill-Curnow – 5 July 2011

- 3.1 Thorp's Bush
- Inspection of recent plantings on the southern side of the pathway from Woodlands Avenue.
 - Is it possible to arrange for more plants (eg Pittosporum, Coprosma) to complete some areas?
 - Some pathways are not used, and are probably unnecessary – can they be closed? (To check with Beryl Wilkes).

3.2 Memorial Park

- The disused toilet exterior needs to be painted: some graffiti showing.
- TDC to remove the plumbing and make the space available for the Athletics Club and Football Club. (Clubs will complete any internal partitions or repairs).
- Boundary fence along Pah Street – its design, to be reconsidered in April 2012.
- Boundary fence with Poole Street neighbours to be considered for painting a uniform colour. Repair, if necessary.
- Walkway from Poole Street to Tennis Courts: consider the removal (or part removal) of the one nearest Poole Street.
- Drainage problem outside Tennis Club pavilion. A solution to be discussed further with Glenn Thorn and Jeff Cuthbertson.
- Park play equipment re-painting proposal.

3.3 Deck's Reserve

- Discussed the proposed upgrade of the play equipment there.

3.4 Wallace Street

- New plantings inspected.

3.5 Ledger Goodman Reserve

- Discussed possible location of new play equipment.

3.6 Motueka Quay

- The landscaping/parking project requires a resource consent. The Consultant's report (by Amanda Young) has been finished; it now will be sent to Historic Places Trust and TiaKino te Tiao. A resource consent is expected within 3 months and may be possible to complete the project prior to December 2011.

3.7 Wharf Road Walkway

- A final resource consent should be available by the end of the month.

3.8 High Street Round-a-Bout

- No indication of any new landscaping design for this. (Should be part of "Future Planning" in 2011 – 2012 Reserves Development Levies).

3.9 Possible Projects for Keep Motueka Beautiful

- Corner of High Street and Lowe Street (in front of Pumping Station).
Check whether Jeff Cuthbertson has concerns with this idea.
- Corner of High Street and Wratt Street.
Would need support from the property owner.
- Small concrete garden plots at Memorial Hall (east side).
The Council would probably support these areas / plots being “beautified”).

4. Report of Meeting with Steve Elkington – 12 July 2011

4.1 Greenwood Street Car Park

- Steve to request Sicon to remove weeds, scrub etc and to repair the northern fence (possible paint in Spring?)
- Seal to be swept and remarked. (Funding for a reseal has not been provided in 2011 – 2012).
- Repair pot holes along the driveway into the car park.

4.2 Pah Street, Grey Street, Whakarewa Street Cycle Lanes

- Steve considered that both Pah Street and Grey Street were wide enough not to need cycle lanes. Cyclists safety was not threatened.

He suggested a shared path be constructed from Grey Street to the High School along the wide berm/footpath.

4.3 Kerb / Channel

- Agreement that kerb/channels would improve drainage (and aesthetics) for Hau Road, Hursthouse Street, Whakarewa Street.
(Note – C J Industries may provide a footpath, with kerb and channel, subject to implementing a Resource Consent condition).
- High Street kerb and channel requires re-construction, ie from Poole Street to Parker Street (west side of High Street). NZTA may assist.

4.4 Footpaths

- Quick look at the narrow gravelled pathway from the High Street round-about to Wildman’s Road “shared path”. (This path requires widening and a sealed surface to meet TDC Engineering Standards).
- Similarly, path from Pah Street to the Te Awhina Marae needs to meet Engineering Standards.

4.5 Wharf Road Walkway (TDC and Keep Motueka Beautiful project)

- Discussed, briefly the Resource Consent conditions.
- Inspected the likely gravel fill for the foundations (at the Jack Inglis Friendship Hospital).

4.6 Pram Ramp / Mobile Scooter Crossings – Priority List

- Inspected the crossing points on the list. General acceptance of the list and the order of priority.
TDC plan to construct two during 2011 – 2012, (Woodlands Avenue at Lowe Street and Wratt Street). The Community Board could do the next five on the list, as part of its “Small Projects” exercise.

5. Stormwater Drainage/Flooding: Thorp Street North and Staples Street East

5.1 The recent heavy rains have emphasised stormwater problems in this locality. Jeff Cuthbertson (Engineer) has inspected and is interested in resolving the problem. He has prepared a meeting with residents to put forward his proposals.

5.2 A recommendation from the Board would formalise this process:

Suggested Recommendation:

THAT the Motueka Community Board request Tasman District Council (Engineer, Jeff Cuthbertson) to investigate the stormwater problems along Thorp Street north and Staples Street East and to alleviate them as soon as practicable.

6. Meeting with Ngati-Rarua Atiawa Iwi Trust

6.1 This meeting went very well, with good discussion on a wide-range of mutual issues.

6.2 I have written to John Charleton, thanking him for his role in arranging the meeting, and requesting whether NRAIT would like to continue with similar meetings, or other forms of dialogue.

- 6.3 Coincidentally, the extension period for the Kahanga Ltd (Puketutu subdivision) has been sent to the Board. (See Correspondence).

7. Central and West Motueka Strategic Plan

- 7.1 The Environment and Planning Committee held their discussions on the submissions to the draft plan in Confidential business. There have been no minutes available, and it is understood further discussion is needed. Steve Markham (Planning Policy Manager) and Rose Biss (Policy Planner) met with property lessees recently to further address land issues.

8. Resignation of Cr Noel Riley

- 8.1 Board Members will be aware of the recent resignation of Cr Noel Riley from the Tasman District Council.
- 8.2 Noel has had many years of involvement with local authority matters, especially in Golden Bay, but also with his close contacts with the Motueka Ward.
- 8.3 A letter to Noel thanking him for his contribution to Motueka would be appropriate.

Suggested Recommendation:

THAT the Motueka Community Board write to Noel Riley thanking him for his work and contributions to Motueka, but also for Golden Bay and Tasman District, and wishing him well his retirement.

9. Board Members' Participation

- 9.1 In the June 2011 agenda, it was suggested that Board members:
- a) prepare a "Statement of Intent", ie a policy of their objectives, ideas and goals for the 2010 – 2013 term, of approximately 500 words;
 - b) each month prepare a topical item (probably from a community group) for an agenda item "Board Members' Reports" of approximately 50 – 100 words.

- 9.2 At this point, there has been no response. Obviously, this isn't compulsory, but a list of your aims as a Board Member during this term could help our own focus as a board. (It was an idea mentioned at the Rotorua Community Boards' Conference.)

10. Playground Equipment

- 10.1 This item was deferred from July 2011.

- 10.2 **Play equipment at Ledger Goodman Reserve** – to replace the privately-owned equipment in place now.

Glenn indicated a basic set of equipment could be put in position for \$10,000 - \$20,000.

The position would be generally where the present items are, perhaps a little further away.

The project could be completed within six months.

- 10.2 **Play Equipment at Deck's Reserve**

This is the main playground for the town. The existing equipment should be upgraded in the next two years, probable cost \$75,000.

I suggested that money (\$40,000) allocated for the Memorial Park fence could be added to the play equipment budget of \$54,854, to enable the work to be done during 2011 – 2012. However staff have advised that the Memorial Park fence funds cannot be used as the decision on the fence was only to defer the work for 12 months.

Glenn will prepare a playground plan after consulting with the public before coming back to the board with draft plans.

- 10.3 **Play Equipment at Memorial Park**

This equipment also needs an upgrade, but is regarded as secondary to Deck's Reserve.

Glenn suggested the steel work should be repainted, and some minor repairs done, at a cost of \$5,000.

Possible Budget

Income	\$	Expenditure	\$
Reserve Levies	54,864	Ledger Avenue Reserve	20,000
Memorial Park Fence	40,000	Deck's Reserve	75,000
Community Services budget	5,136	Memorial Park	5,000
	100,000		100,000

10.4 Recommendation

- a) That the Motueka Community Board request the Community Services Committee to add the \$40,000 budgeted for a Memorial Park fence along Pah Street in 2010 – 2011 to the \$54,864 budget for playground equipment in 2011 – 2012;
- b) That any expenditure on the boundary fence for Memorial Park/Pah Street be deferred until the 2012 – 2013 year, subject to a plan being acceptable to the Community Board, to a maximum of \$75,000;
- c) That play equipment at the Ledger Avenue Reserve be put in place, subject to a plan being acceptable to the Community Board, to a maximum of \$20,000;
- d) That the Community Services Department be formally requested to liaise with Engineering Services to resolve the drainage problem outside the Motueka Tennis Pavilion in Memorial Park.

Note: The Community Services Committee, at its meeting on 24 March 2011 decided to defer the boundary fence issue for 12 months to March 2012. Whatever design decision for a fence is made then, construction would take place within 3 – 4 months – a small delay.

11. Small Projects \$25,000; 2010 – 2011 Surplus

- 11.1 The survey for community responses concludes on Monday 1 August 2011.
- 11.2 Results will be available for a decision at the 9 August 2011 meeting.
- 11.3 The final account details for 2010 – 2011 should be available and the Board can consider adding any surplus funds to the \$25,000. The 2011 – 2012 budget for the Board can be finalised also, once those final accounts have been scrutinised.

12. Projects

12.1 Some of the projects noted around the Ward during July 2011 include:

- Stormwater, wastewater upgrade along High Street from Fearon Street to Poole Street (including Eginton Street). Once this job is finished, the condition of the carriageway and kerb/channelling may require an upgrade also.
- Initial work on the High Street/Lower Street wastewater pipe renewal has started. (This will be completed by the end of September 2011, depending on the weather).

Note: the Council updates on these two projects have been excellent, with the newsletters providing detailed communication.

- Various volunteer/community groups have been active in tree planting at the Raumanukas, Thorp Bush and the Inlet Estuary areas.
- The flooding problem at the corner of Thorp Street and Greenwood Street is being investigated.
- The disused toilets at Memorial Park have been “disabled”. They have been made available to the Motueka Athletics Club and Motueka Football Club for storage of equipment.
- “Shoulder” maintenance along College Street to Woodman’s Corner.
- Intersection improvements at the northern end of the Easton Loop.
- Street sweeper cleaning the kerb/channels in Motueka township.

- Wharf Road resource consent close to being finalised. Work on this walkway/cycleway could begin in August 2011.
- Dialogue on the Coastal Tasman pipeline (Variation 65) continuing.

13. Remuneration

13.1 Members would have received the information from the Remuneration Authority during the month. There may be queries regarding the travel claim factors.

14. Abel Tasman National Park Management Plan

14.1 Following discussion on the Plan at the Tuesday 26 July 2011 workshop, it was decided by “consensus” not to make a Board submission.

14.2 Individual members indicated they were making submissions.

15. Litter Cleanup Day

15.1 Board Members Paul Hawkes and Mark Chapman are leading this activity.

15.2 They will attend the next meeting of Keep Motueka Beautiful Committee (15 August 2011), contact the Mariri Solid waste Centre for “free dumping” and contact others, with the intention of holding the event in mid-November 2011.

18. DRAFT RESOLUTION

THAT the Motueka Community Board receives the Chair’s Report (RMCB11-08-02).

Meetings and Activities : July 2011

July	
4	<p>Our Town Motueka monthly meeting</p> <p>Met with Eddie Thomas (Project Manager with MWH, overseeing the stormwater/wastewater project along High Street). The next stage is a link from Poole Street to High Street.</p> <p>Coastal Tasman pipeline memorandum to Fletcher Vautier Moore (Julian Ironside/Kate Mitchell)</p>
5	<p>Meet with Kathy Tohill-Curnow for our regular inspection of the Motueka area (see report).</p>
6	<p>Met Paul Wylie, Susan Edwards and Dennis Bush-King re proposed delegations for Motueka Community Board. (Administrative support and funding from existing budgets will be available).</p>
7	<p>Attended Council workshop on the Local Government Commission's background reports. (Focus mainly on Strateg.ease report).</p>
8	<p>Met Dot Kettle (CEO of Nelson Chamber of Commerce) re Nelson –Tasman Union proposal and Community Boards' delegations.</p> <p>Attended the Active Transport Forum in Nelson, re the Public Transport Plan and the Nelson Regional Transport Plan.</p>
11	<p>Motueka Museum Trust Board meeting.</p>
12	<p>Motueka Community Board meeting.</p> <p>Met Steve Elkington re roading, footpath, pram crossings, etc for Motueka. (See report).</p>
18	<p>Keep Motueka Beautiful Committee meeting</p>
20	<p>Teleconference on Coastal Tasman pipeline and water management issues.</p>
22	<p>Meeting on Central and West Motueka Strategy – Steve Markham, Rose Biss, Crs Eileen Wilkins and Jack Inglis, Paul Heywood, Gordon Clark and Aaron Drummond.</p>
25	<p>Meeting in Nelson of Ngati Rarua Atiawa Iwi Trust and the Motueka Community Board – discussion of issues of mutual interest and helpful exchange of ideas, attitudes and opinions.</p>
26	<p>Tasman Bays Promotions monthly meeting.</p> <p>Community Board Workshop: Delegations, Abel Tasman Plan</p>
27	<p>Motueka Clock Tower Trust – Annual General Meeting</p>
30	<p>Attended Abbeyfield NZ Annual General Meeting</p>

Motueka Community Board**Delegations****General Points**

1. The objective is to actively promote local decisions being made by the local communities.
2. Delegations made by the Council, extend the power of Council itself to the Community Board. The decisions made by the Community Board legally binds the full Council.
3. Delegations made to the Community Board are to be incorporated in the Council's Long Term Plan and re-considered three-yearly as part of the LTP process. In the initial three year term, the Community Board would undergo annual reviews of its delegations and would have the opportunity to amend (or possibly end) any delegation.
4. The activities to be included as delegations cover the range of Local Government activities:-
 - Community Services: Parks & Reserves, Library, Museum, Halls
 - Engineering Services: Domestic Water, Wastewater, Stormwater, Wharves, Airport, Footpaths/Cycleways, Traffic Management, Street Lighting, Rivers
 - Environment & Planning: Long Term Planning, Landscape matters, Water management, Conservation, Advocacy and Compliance
 - Other Activities: Solid waste and litter, Camping Grounds
5. Delegations will have administrative and funding support. Where it is possible, local rating will cover the costs of these delegations. If this is not possible, the Council will acknowledge the rating/funding contribution by the Motueka community and apportion benefits/ projects relative to contribution.

Community Board Delegations

1. Schedule of Delegations proposed by the Local Government Commission in the Draft Reorganisation Scheme.

Note: these were approved “in principle” by the Council at its 30 June 2011 meeting. These were supported by the Community Board at its 12 July 2011 meeting.

2. Further Delegations suggested by Council staff (Report RCN11-06-18)

Oversee the community market in Motueka ... the Community Board could be empowered to retain any profits, and to use those profits for community purposes within their ward.

Note: Sunday market pays TDC a minimum of \$85 per week and a maximum of 20% of stall fees.

3. Amendments and Additional Delegations Sought

- Amend the wording on the Schedule (2) (d) (e) by deleting the phrases: “make recommendations to the Council on” and replacing it with the single word “Approve”
- Review, and amend Motueka Ward Reserve Management Plans for parks and reserves under the Reserves Act and the Local Government Act. Reserve Management Plans to be reviewed every 10 years.
- (a) Approve the allocation of funds for projects and community groups from the Motueka Reserve Financial Contributions.
(b) The authority to manage the expenditure of those funds within the approved allocations.

4. To approve the design of landscape plans on parks and reserves and roads provided the design is within the District Council’s policy.
5. The power to make decisions as to alterations and / or additions to any building, fence or structure, or construction of the same, on any reserve land owned or leased by the Council, within the Ward.
6. The power to make decisions as to new footpaths, cycle lanes, “shared pathways”, and pram / mobile scooter crossings, within the ward.

The Community Board to prepare a 3 year programme for these works following public consultation. The District Council to provide funding of \$200,000 maximum annually for these capital works. The programme be managed by the Community Board.

7. The power to make decisions as to kerb and channel works within the ward. The Community Board to prepare a 3 year programme for these works following public consultation. The District Council to provide funding of \$100,000 annually for these works. The programme to be managed by the Community Board.
8. The power to make decisions on reticulation of the domestic Motueka Water supply. To approve the operation of the Motueka Water Account as a separate account from any District Water Accounts.

Philosophy

“A Community is more sustainable when all the threads pull together as one”

Governance Role Golden Bay Community Board**The Golden Bay Community Board shall be responsible for:**

1. Representing and acting as an advocate for the interests of its Community.
2. Consideration of and/or reporting on all matters referred to by the territorial authority or any matter of interest or concern to the Community Board.
3. Overview of road works, water supply, sewerage, storm water drainage, parks, recreational facilities, community activities and traffic management projects within the community.
4. After consultation with the Community, preparation of an annual submission to the budgetary process of the Council for expenditure within the community.
5. Communication with community organizations and special interest groups within the community.
6. Arrange meetings and consult with the Community on issues and projects that have community impact.
7. Fulfil functions and or duties as delegated to the Board.

Governance Partnership with Tasman District Council

- The Board to be involved in all planning meetings and workshops for Long Term Planning, Annual Planning and Strategic Planning for optimal board/council interaction
- Pre-consultation with the Board on all decisions relating to planned work to be undertaken in Golden Bay. This may help minimise possible future community conflict.
- Any issues pertaining to or relevant to Golden Bay should trigger contact/information sharing/consultation with the Community Board. While we won't need to be involved in
- everything, it is important for our community that we are kept fully informed. In partnership with council we can then decide what if any further engagement may be necessary.

- Community Board chairs (or nominated representative) to be invited to attend and have speaking rights at full Council meetings.
- Community Board portfolio holders to be invited to attend and have speaking rights on standing committees.
- Community Board Chairs and members to receive the confidential material and be privy to these confidential items that relate to each members portfolio.
- As contracts come up for renewal we request consultation and where applicable the ability to recommend entering into contracts outside the Global contracts. If there is likely to be a cost saving or cost neutral we would prefer to have local contractors do the work and thus enhance employment opportunities in Golden Bay. We would see this being done in consultation with the relevant departmental Managers e.g. Engineering, Parks and Reserves, Environment and Planning.
- Council has occasional one-off or smaller projects which we request the opportunity to offer locally where cost savings can be achieved.
- Where community boards can recommend money saving strategies we request to have the ability to re-assign these savings to use for other services within the Ward.
- Notification of consent applications and planning information which relate to Golden Bay and consideration of modular planning appropriate to Golden Bay.
- That these delegations remain in force for 6 years as per the Local Government Commission recommendation.

Manawhenua ki Mohua partnership with Golden Bay Community Board

Golden Bay Community Board will work towards establishing a Memorandum of Understanding with Manawhenua ki Mohua representing Golden Bay iwi and until this formal agreement is achieved there will be free exchange of information between Manawhenua ki Mohua and the Golden Bay Community Board. This recognises and respects the relationship between both parties.

Delegations

To the extent permitted by law and in consultation with TDC, the Golden Bay Community Board will make recommendations or make decisions on:

Specific Delegations

- Takaka Market governance with the payments made to TDC passed to the Board;
- Golden Bay Facility project. The Board to continue to be the lead agency for proposals;
- Old Library Site- development of this has been delegated to the Community Board;

- Foot paths –consultation on, and decisions for, most appropriated safe walking access;
- Walkways and cycleways;
- Car Parks- consultation on, and decisions for, car parking issues as appropriate;
- Street Lighting - consultation on, and decisions for, most appropriated lighting;
- Public Toilets- including location of new toilets;
- Local Bylaws –for safety and good governance of Golden Bay;
- Street signage and naming of roads, streets and parks;
- Reserve management plans;
- Reserve Fund spending allocation.

Consultation Delegations

- Council Housing –consultation with Board in conjunction with appropriate staff with reference to the policy; (Policy to be developed between staff and community board);
- Early consultation if Council is considering purchase, or disposal of property in Golden Bay;
- GBCB to advise Council of any strategic land purchase that would be of benefit to Golden Bay;
- Infrastructure consultation – ongoing and new work;
- Annual River Plans (flooding, rivers etc);
- Port Tarkohe – Board representation on any committee or Board;
- Small wharves – consultation/collaboration DoC/TDC;
- All decisions/work to be undertaken in Golden Bay to be pre-consulted with the Board;
- Cemeteries including natural burial areas;
- Camping grounds;
- Speed limits;
- Safety signage;
- Planning and engineering standards;
- Hall governance in consultation with hall committees.

NB: This list may not be comprehensive, however, with good will and collaboration between the Board and Council, alterations, amendments and additions can be agreed upon.

These delegations should not limit any further delegations reciprocally recommended to Tasman District Council by the Community Board or to the Community Board by Tasman District Council.

Note:

- **Exclusions under Local Government Act 2002 s53 (3)**
 - (a) acquire, hold or dispose of property; (although the board is delegated the role of recommending on property purchases or sales within the Ward);
 - (b) appoint, suspend or remove staff; (although the board may make recommendations on staffing issues within the Ward).

- **Exclusions under Local Government Act 2002 Schedule 7 (1)**
 - (a) The power to make a rate;
 - (b) The power to make a by-law;
 - (c) The power to borrow money, or to purchase or dispose of assets other than in accordance with the long term plan.
 - (d) The power to adopt a long term council community plan, annual plan or annual report;
 - (e) The power to appoint a chief executive;
 - (f) The power to adopt policies required to be adopted and consulted on under this Act in association with the long term council community plan or developed for the purpose of the local governance statement;
 - (g) The power to warrant officers.

Motueka Community Board

Pram Crossings – Mobile Scooter Ramps

Number	Street Name	Street Name	Number of Crossings	Comments
1	Woodlands Avenue	Lowe Street	1	South side
2	Woodlands Avenue	Wratt Street	1	North side
3 – 4	High Street	Wratt Street	2	Steep and High gutters
5 – 6	Atkins Street	Fry Street	2	
7	Wilkie Street	Fry Street	1	No crossing at all opposite Fry Street East
8	Wilkie Street	Parker Street	1	East side
9	High Street	Inglis Street	1	North side
10 – 11	Trewavas Street	Mountview Place	2	Not CBD but busy path
12	Poole Street	Wilkie Street	1	West side
13	Fearon Street	Harry Rankin Street	1	West side
14 – 15	Ledger Avenue	Marion Place	2	Both sides, especially west side
16	Inglis Street	Saxon/Vosper Streets	1	South east side of corner
17	Thorp Street	Pethybridge Street	1	South side

Notes:

The first two crossings (and possibly four) are scheduled for construction in 2011 – 2012.

The others are based on responses from residents and my own investigations. It is expected that all crossings will include “tactile pavers to assist visually impaired people. Construction to include M4/AP40 base course and concrete path.

Cost estimate \$1,500 per crossing.
