

STAFF REPORT

TO: Community Services Committee
FROM: Reserves Manager
REFERENCE: C752
DATE: 27 April 2005
SUBJECT: Reserve Manager's Report

RICHMOND

The Avery (Saxton Field) Sportsfield development is progressing well with the irrigation installed, topsoil placed and the car park being formed up. All going well and the weather holding the grass seed will be sown in early May.

The Paramu Place and Meadow Lane walkway bridges are under construction. The bridge for Reservoir Creek walkway is waiting for final plans and resource consent.

Sanderman Drive Reserve project is continuing with the Rotary Club carrying out working bees to clear debris and construct board walking etc. Bulk bark is being delivered to the site in preparation for planting.

MOUTERE/WAIMEA

Steve has applied to the Historic Places Trust for consent to carry out work at Grossi Point Reserve. This will be the first stage of improvements for the reserve.

MOTUEKA

Further to the meeting that was held at Tilson Cres Reserve with local residents to discuss the future development of the reserve, the concept plan has been sent out to residents for comment.

GOLDEN BAY

The upgrade of the Rose Garden toilets is underway and should be completed within the next two weeks.

REGIONAL

Planning for Arbor Day plantings is underway with plants ordered and sites being selected and prepared.

Beryl Wilkes
Reserves Manager
