

# REPORT

**TO:** Communications Subcommittee  
**FROM:** Chairperson, N Riley  
**DATE:** 23 November 2007  
**SUBJECT:** **Chair's Report – December 2007**

---

Welcome!

As Chair of the Communications Subcommittee I have been given the opportunity to read the comments of the last Chair and to that end have undertaken, along with our Subcommittee, the resolve to improve at every opportunity communication to our ratepayers and residents.

No doubt as electronics improve and advance there will arise new ways of communication, not only in written form, so we need to make ourselves aware of such opportunities and take advantage of them in a timely fashion, not forgetting cutting costs as well.

The good news is that I have had excellent feedback from the general public regarding our Newslines. I am sure we will achieve such improvements as a team, and I look forward to working with you and accepting that challenge.

Noel Riley  
Chair
