

REPORT

TO: Council's Enterprises Subcommittee
FROM: Chairperson
DATE: 7 February 2011
SUBJECT: **Chairperson's Report - Report FN11-02-01**

Firstly, my apologies for absence from this first Enterprises Subcommittee meeting for 2011. However, I am confident that Councillor Norriss will fill the gap perfectly, thanks Trevor.

It is obvious this election year is not going to be "clear weather" sailing, especially challenging in the commercial area, and so that flows on into the financial world. Just to make it challenging for not only the general rate payer but also local councils.

I understand the committee will be addressed at this meeting by representatives of the Motueka Marine group with a proposal. I have been involved in earlier discussions on this proposal and I personally believe such a development would be beneficial to both the Motueka community and the Tasman District. Early days but positive!!

RECOMMENDATION

That the Chairperson's Report FN11-02-01 be received by Council's Enterprises Subcommittee.

Noel Riley
Chair
