Dear Mike,

In light of our dads commissioned sculpture (by Tasman District Council for Richmond)  
"The Kaka Beak".

We, Sam, Jacinda, Miro Mitchell are formally requesting that it remains in the  
Motueka Township, as part of the Tasman District Council.

Within our hearts, we feel a very strong spiritual connection with his final piece of art  
and need this to stand as a memorial of our love for our dad, granddad, friend, and  
local artist, whose choice of medium reflected some of dad's characteristics like  
strength and resilience.

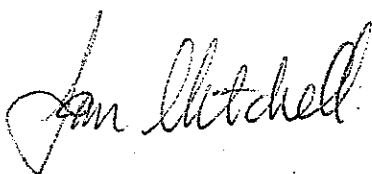

Our dad's mana lives within this sculpture.

We hope you will feel and look favourably on this request and grant it.

We look forward to hearing from you.

Kind regards,

**Sam Mitchell**

**Jacinda Mitchell**

**Miro Mitchell**
