

STAFF REPORT

TO: Chairman & Members, Engineering Services Committee
FROM: Roger Ashworth
DATE: T603
SUBJECT: National Land Transport Programme (NLTP)

PURPOSE

To update the Committee on the key points of the Land Transport NZ 2005/2006 NLTP that affect Tasman District Council.

COMMENT

Local Roads

The Council's request for advance fees for the sum of \$600,000 to be funded at an 80% subsidy rate out of R-funding looks reasonably hopeful. The projects include Dovedale Hill, Paton Road, Riwaka Kaiteriteri \$100,000 yet to be advised. The other two are seal extension projects, Old House Road and Central Road.

Project	Type	Phase	Cost \$	BCR
Old House Road	Seal Extension	Design and Construction	200,000	>4
Central Road	Seal Extension	Design and Construction	300,000	>4
Dovedale Hill	Seal Extension	Investigation and Design	200,000	NA for Investigation phase
Paton Road	Reconstruction	Investigation and Design	100,000	NA for Investigation phase
Riwaka Kaiteriteri	Realignment	Investigation and Design	200,000	NA for Investigation phase

Mangles Valley Road extension is approved as an N-funded project.

State Highways

State Highway media release and a copy of the summary and map indicating the position of projects is included for information.

RECOMMENDATION

That this report be received.
