

## Water Shortage Direction

### Section 329 of the Resource Management Act 1991

It is important Consent holders are familiar with Resource Consent conditions.

**Stage 1 Rationing** which is a 20% cut from authorised weekly usage will **continue** from **Monday 13 January 2025** for the holders of consents who are in the following Water Management Zones:

#### **Moutere Eastern, Moutere Coastal**

**Watering of lawns or decorative gardens is not permitted for any water user situated in water management zones where rationing is in effect. This excludes users of Council managed reticulated water supply (where alternative restrictions will apply).**

**Stock drinking water is not affected by these water restrictions.**

The position will be reviewed at the next meeting of the Dry Weather Taskforce on 14 January 2024.

**Issued under delegated authority by  
Kim Drummond, Group Manager - Environmental Assurance  
Kaiwhakahaere Roopū - Whakaū I te Taiao**
