CONTENTS OF SAFETY PLAN

A safety plan is required to be submitted with this application and should include, but not be limited to:

- Analysis of all foreseeable risks involved in the event and what measures will be used to eliminate, isolate or minimise those hazards
- Numbers and types of vessels and/or people involved
- Average and maximum vessel speeds involved
- Map of event course(s) and required reserved areas
- Weather limits for event ("go and no go" criteria)
- Numbers and types of any patrol/marshal/safety vessels and how they will be used to manage risk including preventing unauthorised vessels from entering any reserved areas
- Details of any significant safety incidents from previous events that have been held by the event organiser, or the event safety officer has been involved in, within New Zealand in the last five years. Please provide details of lessons learnt and measures used to prevent similar incidents occurring.
- A communications plan for between event organisers and support vessels, other water users and Council
- Schedule of safety briefings and key messages
- Justification for any reserved areas and bylaw uplifting requested
- Qualifications and /or experience of Event Organiser and Event Safety Officer
- Contact details of Event Organiser and Event Safety Officer
- Insurance held for the event
- Affiliations to any national bodies that oversee the event, or standards that apply to the event

Tasman District Council advises that a safety plan that only covers the above list is unlikely to manage all of your risks under other statutes (such as Health and Safety in Employment Act 1992). We strongly advise you to obtain experienced assistance if you have never completed a safety plan before.
